BACK TO NORMAL.

MORE SIGNS OF THE
TIMES.
CAUSES FOR OPTIMISM.

No further defections on the part of workers are to be reported this morning and although no general body of workers has returned to work, attempts to be reinstated have been made by "boys" and amahs in many districts.

The more moderate estimates which are now being given regarding the beginning of the inevitable return of workers are supported by the reports of distress among Hongkong strikers in Canton. There are known to be 80,000 of these in Canton and the purse of the Government there has been so severely taxed that few of them are receiving the 40 cents a day. Meanwhile the food situation (with the restriction placed on exports from Hongkong) is on the way to becoming grave.

That trouble is anticipated at Canton by the Hongkong authorities is evident from the fact that no European lady is allowed to travel to Canton.

Meanwhile Hongkong is still carrying on and the action of the Café Wiseman management in inaugurating from this morning a breakfast service from 8 o'clock and the anticipation of a return to service of the soda fountain marks yet another step forward in the return to normal functioning of benefits which, although they may hardly be considered vital, are things which make an enormous difference in these times of stress.

Even more important still as a sign of the times is the statement made by Mr. N. L. Smith, Food Controller, to a "China Mail" representative this morning that the services of the army "killers" had now been dispensed with, owing to a return to more normal conditions. Beef was now available in large quantities in the more central markets, also pork, the difficulties in connection with the retailing of which had now been overcome. It was hoped to extend the market services to more outlying districts now that the situation was so well in hand.

SHAMEEN ECHO.

QUERY IN HOUSE OF COMMONS.

NUMBER OF CASUALTIES.

(Reuter's Service.)

London, July 13.

In the House of Commons, replying to Mr. Will Thorne (Lab.), Mr. Austen Chamberlain (Foreign Secretary) said the number of Chinese casualties in the recent firing at Canton was not accurately known. They had been reported to be about 30 killed and 70 wounded but may have been more. The foreign casualties so far known were one Frenchman killed, four British and one French wounded.

"CARRY ON."

SHAMEEN POSTAL SERVICE.

MORN TILL NIGHT.

(Reuter's Service.)

Canton, July 11.

Great credit and the thanks of all foreigners both in Canton and Hongkong is due to the Postal Commissioner, his deputy and two assistants, who have worked from early morning till night under adverse circumstances to clear both incoming and outgoing mail in the Shameen branch and have laboured cheerfully and smilingly to "carry on" with this service. Without their efforts the Shameenites would have missed much of the cheer that has come with their epistles and newspapers from Hongkong.

TO-DAY'S DOLLAR.

The closing rate of the dollar on demand to-day was 25.8 1/16d.

STRIKERS RESTIVE.

ALLEGED PREFERENTIAL TREATMENT.

DISSATISFIED SEAMEN.

Employed at one time as an "excise officer" when the Opium Monopoly was farmed out years ago, a Chinese who was one of the last to reach Hongkong before the steamers ceased running to Canton, told a "China Mail" reporter that unrest was growing among the strikers on account of alleged preferential treatment.

This man came down with the express intent of warning his family not to leave Hongkong. He is now awaiting resumption of steamer traffic to return. In Canton, he said, funds had reached a very low ebb. The nominal strike chairman is said to have been a Hongkong Seamen's Union official at one time and he is accused of sympathy toward the idle seamen. Those dissatisfied state that seamen each get two meals a day and some of the favoured ones receive an additional twenty cents. Among those who have found fault are the cargo coolies, who belong to a guild strong in numbers. Somehow or other plans went wrong. The guild in Hongkong is believed to be very wealthy, but no money was forthcoming. Accordingly, the coolies had to draw rations from the strike executive, and they are complaining.

An attempt, the informant concluded, was now being made to float a loan or issue bonds. Meanwhile the strikers' pickets were trying to exercise strict discipline. Correspondence to individuals in strike quarters from up-country or Hongkong is held back and passes must be obtained to leave the dormitories for fear of the rank and file running away.

"WE WANT TO WORK"

SHANGHAI'S UNPAID, ANGRY STRIKERS.

POLICEMAN CHEERED.

(Reuter's Service.)

Shanghai, July 13.

A thousand strikers this afternoon assembled outside the General Labour Union in Chinese territory and angrily demanded strike pay which, it was alleged was three days overdue. The money was not forthcoming. The crowd grew very hostile to the Union officials who, on seeing themselves endangered, called the assistance of Chapel Volunteers. The latter dispersed the crowd with difficulty, leveling their rifles.

The crowd rushed into the Settlement followed by Volunteers. A Municipal policeman ordered the latter to leave the Settlement borders and they obeyed. The policeman was cheered by the strikers who were shouting "We want to work."

Five hundred Fengtienites are now keeping order on the Settlement borders.

BLOWN OVER.

RED V. ANTI-RED TROUBLE IN CANTON.

YUNNANESE QUIET.

Evidently better counsels have prevailed in Canton and the so-called Red v. anti-Red trouble appears to have blown over if only for the time being.

Business correspondence received by Hongkong Chinese firms yesterday indicated that the dispute seems to have been patched up, and that a political disturbance is not expected just yet. One letter says that but for the cessation of communications there might have been just a little trade before the mid-autumn season.

Anti-foreign feeling, writes the "China Mail" correspondent, is not so pronounced and non-Chinese have been able to go about in various parts of the city. Honam Island, on the south bank of the river, is very quiet. Agitators are still active on the Bund and on the River, "welcome home" deputations meeting strikers from Hongkong who have gone up overland, and pickets preventing the rank and file from getting out of Canton.

The Yunnanese invasion from Kwangsi has receded into the background, but an outbreak between competing militarists at Swatow will not occasion surprise.

STRIKERS FINED.

TWO COURT CASES IN KOWLOON.

At the Kowloon Magistracy this morning, a former amah in the employment of Mr. H. E. Scriven was charged with leaving without notice on July 6. She was subsequently found to be working at Armand Buildings and arrested.

The amah said that she was employed as a temporary servant on a wage of \$12 a month and left as she had too much to do. She claimed that the regular amah was paid \$20, and since the latter went on strike she (accused) had to do double duty.

His Worship observed that, although the legal aspect was quite clear, he could not think of a more tactless case, as the amah had only served six weeks and was required to do more than her legitimate share of work. The accused was ordered to pay \$14 to the complainant as compensation, or in default three weeks' hard labour.

Another case tried by Mr. E. W. Hamilton was that in which Mr. J. H. Oxberry charged a bar boy at the Palace Hotel with leaving without notice. It was stated that the accused was engaged in April on a monthly wage of \$11 and left with the other servants on June 23.

The accused pleaded guilty and was fined \$25, or one month's hard labour, in addition to payment of \$11 to the complainant as compensation.

BOY FRIGHTENED.

ALLEGED INTIMIDATOR DENIES CHARGE.

A Chinese watchman employed at the Kowloon Dock was charged at the Kowloon Magistracy this morning with intimidating a house boy in the employment of Mr. Marriott. Evidence was given that the boy was threatened by the watchman when using the gate and that he was found by his master on Sunday afternoon in a frightened state.

Accused denied the charge and stated that all the house boys at the Dock Company were not on friendly terms with the watchman.

The Rev. G. R. Lindsay, giving evidence on behalf of the accused watchman, said that the man was employed for 134 years in the pantry of the Peak Hotel until obliged to leave owing to a change of proprietors. Witness assisted the accused in securing employment at the Dock Company as a watchman, and from enquiries he had made he considered that the man bore a satisfactory character.

His Worship adjourned the case for two days.

PARTNERS' DISPUTE.

ALLEGED INTIMIDATION TO STRIKE.

A partner in the Mow Ling Restaurant, Kowloon, appeared before the Magistrate (Mr. E. W. Hamilton), yesterday as a result of the complaint of a fellow-partner that he had threatened the latter and attempted by intimidation to get him to close the shop.

No evidence other than the complainant's statement was forthcoming, although it was stated that a pantry boy had made a statement through the complainant. At the Magistracy, however, this lad stated that he had never heard the complainant being threatened, nor was he told to cease work, himself.

The complainant's story was that his fellow-partner told him that the shop would be destroyed unless it was shut. On the complainant pointing out that the firm would lose money, and probably its licence, the defendant had said that by destroying the building they would be able to get \$5,000 insurance.

A few days later his fellow-partner told witness that unless he struck he would have to buy a coffin.

In spite of cross-examination, the pantry boy adhered to his statement that he had never heard any of the conversation mentioned by the complainant. His Worship commented that it was obvious from his terrified demeanour that the boy had been intimidated himself and adjourned the case until to-morrow.

P. O. PROGRESS.

CHINESE VOLUNTEERS DO WELL.

"Things are moving much more smoothly here," said a busy official at the General Post Office to a "China Mail" man who inquired to-day, "although there has been a good deal to learn of Post Office work."

"Our volunteers are still with us; they are improving daily and have become more than efficient. One great help to us has been the fact that we have got one launch running again."

Through Chinese volunteers coming forward there is now no necessity for native addresses in Des Voeux Road and other central localities to call for correspondence. A Chinese hospital at Wanchai is also arranging for the delivery of mail, and arrangements are being made to deliver all Chinese correspondence.

LOYAL WORKER.

RECOGNITION IN COURT CASE.

On the resumption of the case against Chanan Singh, accused of negligent driving of a motor lorry and colliding with a motor cycle ridden by Sergeant A. Nicoll, at the Central Magistracy yesterday afternoon, Mr. McElderry said that he was satisfied that the accused was on the wrong side of the road and was responsible for the accident. In view of the fact that the accused was not used to driving this type of vehicle, and also that he had offered his services voluntarily as an emergency driver, His Worship imposed no penalty and discharged the accused.

STRIKE ITEMS.

The "Wah Tsz Yat Po," in an extra mentions the fact that a large number of members of the South China Athletic Association and the Chinese Swimming Club have volunteered for public service, and have registered with Dr. S. W. Tso, Assistant Labour Controller.

Considerable importance is placed by the Chinese masses on the manner in which business houses, restaurants, and tea-houses on both sides of the harbour have responded by reopening their doors and catering for public wants as best they can.

Several Chinese-owned restaurants, supplying foreign-style food in Yaumatei have started business again, and others are following suit. It is expected that nearly all establishments of this class will be open as usual in a day or two.

Quite a number of nightsoil coolies of both sexes have returned to their employers and asked for work. As these are not Government servants but work in collaboration with contractors, no record can be kept.

A good many small barber shops have re-opened to-day, the staffs emerging as if from "nowhere."

FIFTY THOUSAND!

LEADS TO DETENTION OF OWNER.

Fifty thousand dollars is a lot of money to have in one's pocket and the natural determination of the authorities to ascertain that it had nothing to do with supporting the defiance of law and authority led to some temporary inconvenience to a comprador who arrived in the Colony yesterday with such a sum in his possession.

The discovery was made on board the s.s. Seistan which arrived from Swatow and as the money was not on the manifest the comprador was detained pending enquiries as to its destination. The information he gave as to its being the property of a local firm was found to be correct, and he was then allowed to proceed on his way.

HERMES TO SAIL.

AIRCRAFT CARRIER FOR CHINA.

NEW REGIMENT?

(Reuter's Service.)

Malta, July 13. The aircraft carrier Hermes is proceeding to China on July 15. [A cable published in the "China Mail" yesterday stated:—

Malta, July 12. It is understood the aircraft carrier Hermes is proceeding to China next week.

It is stated a regiment will be sent from India to Hongkong in connection with which it has been arranged for the First Borderers to proceed to Egypt at the coming troping season instead of two years hence in order to relieve the regiment in Egypt which will replace the regiment in India which is going to Hongkong.]

POLAR-SHIP BACK.

RETURNS WITH DAMAGED PROPELLER.

MACMILLAN "ALL'S WELL."

(Reuter's Service.)

Halifax (Nova Scotia), July 13.

The steamer Bowdoin, belonging to the MacMillan Polar Expedition, is returning to Hopeville with a damaged propeller after steaming six hundred miles in Baffin Bay.

The steamer Peary, with MacMillan aboard, is proceeding to Godhavn, Greenland, and reports "all well."

MINING DISPUTE.

MEN'S CONDITIONS FOR ENQUIRY.

(Reuter's Service.)

London, July 13.

The miners' executive has decided to withhold the recommendation of the delegate conference to accept the coal mining enquiry until a reply is received from Mr. W. C. Bridgeman assuring them that the owners have suspended or will withdraw their proposals and notice to terminate the present agreement if the miners co-operate in the enquiry.

GONE NORTH.

TYPHOON CHANGES ITS COURSE.

Throughout yesterday the typhoon depression located at the north of the Luzon maintained the course which it had set direct for Hongkong and at 4.30 a.m. the No. 5 signal was hoisted.

Later in the morning messages received indicated that it was proceeding in a more northerly direction, and the latest information to hand with regard to it is that it is between Formosa and Amoy (within 30 miles of lat. 24 degrees N; long. 119 degrees E) travelling N.N.W. Its intensity is still unknown.

Early this morning all the tied-up river shipping had left their wharves for shelter with the exception of the Paul Beau and Charles Hardouin and the San Nam Hoi which were alongside their respective wharves. The Tung On sailed for Canton flying the White Ensign and the Ko Chow left for Macao as a bit of private enterprise.

The following reached the local American Consulate General from the Manila Observatory:— 3.30 p.m., July 13:—Typhoon in about Long. 121 E, and Lat. 19 N., moving N.W.

A TROOPSHIP.

AMERICAN FLEET RELIEFS.

The American troopship Chaumont arrived in Hongkong this morning from San Francisco via Manila bringing reliefs for the Asiatic fleet.

The American destroyer Bulmer also arrived to-day from Amoy and the Helena is due at Hongkong from Canton later in the day.

EVERY USER IS A FRIEND.

The personal recommendations of people who have been cured by Chamberlain's Cough Remedy, have done more than all else to increase the sale and use of this preparation, until there are now more bottles of it sold each year than of any other cough medicine. It is for sale everywhere.

A GIANT TO TACKLE.

Every little helps during a time of emergency, particularly when that little is propaganda of the right sort—propaganda that may force the agitators to consider whether their game is worth the candle and that may compel even the untutored (were it possible for the latter to come to hear the truth) to think whether they are drifting on the Bolshevik tide.

An instance of the good that may be done even in a quiet way was forthcoming on Sunday when the evils of Bolshevism were dealt with from the pulpit of St. John's Cathedral by the Rev. R. J.

Northcott. Such homilies as he delivered may be liable to be passed over in normal times, but they deserve all the prominence possible when the agitators are let loose and timid strikers are between two fires. The Rev. gentleman uttered a strong condemnation of Bolshevism, the tenor of which, of course, is not in any way strange to those who have following the teachings of Trotsky since the earliest days of the Soviet regime. But a good story lacks nothing in the telling again and again, especially if in the reiteration there be the remotest chance to make the enemy pause and to inspire pluck into the intimidated.

It is well that the Chinese as a whole should learn the truth about Bolshevism, which, as the Rev. R. J. Northcott pointed out, has caricatured the great Christian watchwords of liberty, equality, and fraternity. There is no liberty in modern Russia for anything or anybody, which is a striking contrast to the conditions of freedom obtaining under the Union Jack. Equality is unknown in Russia, for the Reds have shown themselves more despotic and tyrannical than any kings or Tsars. Instead of fraternity there exist bitterness, hatred, starvation and terrorism—an unenviable exchange even for the conditions obtainable in China itself during normal times and a still more wretched exchange for the conditions prevailing wherever the British flag is flown.

It is well for the public no less than the Press to emphasize that if the Bolsheviks consider that

Great Britain is their chief enemy it is a compliment to every Briton. More, it is a challenge that will not go unheeded so long as it continues to be the menace it is to all the traditions of the British Empire and so long as it threatens to disintegrate what it has taken centuries of British pluck, endurance, and enterprise to build up within the confines of our rightful and legitimate domain.

Even if the strike lasts but another fortnight the lessons unfolded by Empire teachers and preachers during the present state of emergency will never fall on barren soil or be considered a mere beating of the air.

A Municipal Council.

The Government as a result of its strike experiences will surely legislate for a Municipal Board or Council. Had there been no Kowloon and Peak Residents Association, the present position would not have been met so spontaneously. There is now to be a mid-level Residents Association, so that the only part of the Colony to be unrepresented or without any voice will be the centre and extreme ends of the town containing probably the largest class of residents—and the people who, by being scattered, suffer most whenever there is an upheaval as at present. The Government, as at present constituted attempts too much and consequently either does not do all it sets out to do, or does a lot of it inefficiently. It has created a Sanitary Board and also an Education Board with limited powers—and only a churl would argue that these Boards have not proved their worth. They have thrown light on two most important branches of local endeavour and the members of them have taken their duties and tackled them in a serious manner in spite of the fact that their wings are clipped to the most extreme degree. A number of other Boards are highly desirable. The P.W.D., for instance, would function more easily if it had a Board of an advisory capacity working with it. When there is a strike upheaval it is a question of "Tommy here and Tommy there" (if we may so call the Hongkong resident) but when trouble ends, "Tommy" recedes into the background until the next call comes. We need not labour the point. The Colony possesses organisers of a high order—not necessarily Peak residents or taipans. Seek them out and let them not stagnate in a sea of indifference.

LOCAL & GENERAL.

A clean bill of health was returned for the 48 hours ended July 12, there being no case of notifiable disease.

The Sanitary Board will meet at 4.15 p.m. to-day to discuss several matters of considerable interest and importance.

The reason given by a Kowloon bus driver for the overturning of his vehicle on Thursday night is, in the opinion of the Police, incorrect. He had stated that armed men had threatened him outside the Mongkok Fire Station and that as a result of this his nerves had suffered.

Having produced a chart proving that his ship's head was north and the cable in question well away on his port bow, Capt. A. Pompey was acquitted of the charge preferred against him at the Marine Court yesterday of anchoring his ship in the Tai Kok Tsui Cable Reserve. The charge was the sequel to complaints of the military authorities of an interference with the Stonecutters—Tai Kok Tsui cable.

Burning rubbish which had got out of hand was the cause of two calls being received yesterday by the Kowloon Fire Station and one by Central. No. 48 Nathan Road and an unoccupied house in Austin Road were the sources of call at Kowloon, firemen extinguishing the flames in the former instance with buckets and restricting damage to the scorching of woodwork on the first floor verandah. Their services were not required in the latter instance, owing to the action of occupants and neighbours. The vicinity of the Gas Works, West Point, was the scene of the blaze on the Hongkong side and here again the services of the firemen were not required as a hydrant had done the necessary before their arrival.

CHEFOO NOTES.

EVENTS IN NORTHERN PORT.

(From Our Own Correspondent.)

Chefoo, July 1.
On June 3, His Majesty's Birthday, the British Consul held an official reception at the Consulate, where there was a large gathering of Britishers and their Friends, including a big representation from the American Fleet (including the flagship Huron) to do honour to King George on his 60th Birthday. Chefoo is to have a new Chinese Post Office costing some \$80,000.00, the construction of which is soon to commence, the Post Office having already moved to temporary quarters. The new Office is to be fitted with steam heat and modern fittings, and should be an ornament to our Main Street.

The Chefoo Race Club held their Spring Gymkhana on June 6 and 7, when there were some very interesting and close finishes. On the first afternoon Mrs. Raiton won the 1st race, the half mile scurry, on Nigger Snipe, with Mr. Smart second on Rodeo. Miss Eleanor Sugden won the 2nd race, the 1 mile, Heavy Weights, on Bumps, with Mr. Swaney second on Survivor. The Half Mile Time Limit went to Mr. Edkins on the Slug, while in the next race, One Mile, Open, Miss Sugden again won on Bumps. The 1 1/2 mile Paperhangers' Cup was the closest race of the day when Mr. Swaney on Survivor just won from Mrs. Raiton on Sandstone. "Tilting the Ring" closed the first day's programme, in which Mr. Raiton excelled over all the other competitors, Mr. Hogg securing second place. A larger number of spectators were present for the second day's racing, and thoroughly enjoyed the closely contested events. The first Race, one mile, was won by Mr. Swaney on Survivor, while in the second, the "Beef Stake Cup," Sandstone, with Mr. Raiton up came in a good first. In the 3 mile, "Chefoo Plate," Mrs. Raiton won on Nigger Snipe, and Twenty-Two Kurat, Mr. Swaney up, surprised everybody by winning the 1 mile Consolation Stakes. The half mile Hurdles was won by Mr. Smart on Prince, with Mr. Hogg on Social Glow second. The 1 1/2 mile Championship Stakes was a fine race, Sandstone with Mr. Raiton up, running neck and neck with Bumps, one of the favourites, with Miss Sugden riding, but eventually the latter won, Sandstone being second, and Survivor, the other favourite, third. Incidentally Mr. A. Sugden, the owner of Bumps, drew the winning ticket in the Non-Selling Champion Sweep.

The China Inland Mission Schools celebrated the 25th anniversary of the laying of the Foundation Stone of the Boys' School, on June 15 and 16. The Boat Races took place on June 15 in fine weather, and some interesting races ensued. In the first race between Paton and Livingstone Houses, the former won by several lengths. Stanley Conway stroked the Paton boat, and Huston Edgar the Livingstone. The second race was the Girls' School Race, and was won by the crew stroked by Mary Preedy. In the third and best race, the Inter-House Final, the winners of which secure the Rowing Cup for the coming year, Carey House, stroked by Conyers Hewett secured a win by half a length over Morrison House, stroked by Colin Ford.

The next day, Foundation Day itself, began with the usual Cricket Match between The School and The Visitors. This, in spite of the limited time at the players' disposal, proved an interesting and exciting game, with a very close finish, the Boys winning by 95 runs to 39. The Service at 11 a.m. was conducted by Rev. T. F. McCrea, who spoke on the Threshold Side of Life, the Physical, Intellectual and Spiritual. Tea "under the trees" was served at 3.30 p.m. when many gathered for a pleasant social half hour, and the Tennis Tournaments commenced as soon after four as possible. In the first game, the final of the Mixed Doubles Tournament, Kathleen Hookman and Stanley Conway won rather easily, from Ruth Dilley and Dick Sternberg. The next two sets were Exhibition Games, which while interesting, were not over exciting. In the fourth match between the Present Girls, represented by Kathleen Davies and May Harding, against the "Old Girls," represented by Mrs. George F. Andrew and Miss E. M. Broomhall, the former won by 50 points to 33. In the last match, the Present Boys, Andrew Hazeland and Stanley Conway, beat the "Old Boys," Messrs. James McMullan and Ray Eckford, by 60 points to 36. This game commenced very evenly, the score at one time being 21-19, but the Present Boys gradually warmed up to the game and then quite easily drew away from their opponents. An enjoyable programme was rendered at the Concert in the evening, when a large crowd were present.

Since I last wrote there have been several fixtures between the Chefoo Cricket Club and the School, all of which have been well worth watching, and in some cases there have been very close results.

On June 18, owing to several of the School eleven being unable to play a number of men assisted the boys; the men batted first and made a score of 140, Mr. Graham making 55 retired, and Mr. Smart 62 retired. The other side made 105, Huston Edgar, one of the boys, making 40 not-out.

The game on June 20 resulted in a fine win for the Cricket Club, after a closely contested game. The Boys' side batted first and secured the fine score of 144 for 0 wickets, when they retired; Ford made 42, Conway 20, and Best 21, while Mr. Graham secured 4 wickets for 42 runs. As the boys had been in so long, extra time was allowed and within a few minutes of time the Club passed the Boys' total and carried their score to 156 for nine wickets. Mr. Grubb made 24, Mr. Smart 66, and Mr. Graham 38 retired; Hazeland bowled well for the School, securing 4 wickets for 27 runs.

On June 27 the School completely reversed the previous Saturday's result, and won quite easily. The Club batted first being all out for 110, Mr. Graham making 56. The School, when stumps were drawn, had made 120 for the loss of only three wickets, Mr. Duncan 13, Dr. Gibson 20, and Mr. Brian McCarthy 48. Ford was 23 not out, and Hazeland 10 not out.

The Shipping Strike.

(From Our Own Correspondent.)

Chefoo, July 1.
Like everywhere else we have been subjected to plenty of student agitation, more especially against the British and Japanese, and several times there have been threats of a general strike of servants, but so far, to a large extent thanks to our enterprising Tao-Yin, nothing has occurred in that way.

The shipping strike has, of course, upset things here to some extent as we are more or less dependent on the steamers owing to having no railway connection nearer than Wei-Hsien, which can only be reached by motor car service. Summer visitors have been considerably hindered in arriving here, more especially from the South, but during the last few days several parties have turned up, some by China Merchants' steamers and others by rather roundabout routes. There seems to be quite a boycott of British and Japanese goods by the merchants, although this, too, is probably more talk than actual, quite a number of dealers having bought in considerable stocks from the foreign firms before the boycott was supposed to commence.

I heard to-day that insurance policies are being withdrawn from the British firms, but this also is probably only a temporary measure on the part of merchants to appease the student agitators.

On the whole, however, we have probably been more fortunate than most other ports, partly because of the presence of the U.S.S. Huron and several destroyers, and partly because of firm action taken by the foreign Consuls and the responsible Chinese authorities—the Tao-Yin and the Chinese General.

FUNERAL.

A number of deceased colleagues and a detachment of Indian warders were present at the funeral yesterday afternoon at Happy Valley of Mr. William Pritchard whose death occurred at the Leichikok prison officers' quarters on Sunday. The service was conducted by the Rev. T. B. Powell.

RUBBER BOOM.

LATEST SENSATIONAL
RISE.

PRICES SOARING.

(From Our Own Correspondent.)

Singapore, July 13.
Rubber is rising sensationally.
The price was 158 on Saturday
and 169½ to-day.

RESTRICTION POLICY.

How It Has Saved British
Industry.

(Reuter's Service.)

London, July 13.
The effect on the rubber output
of the present high prices was dis-
cussed in the House of Commons
when Mr. Rhys Davies (Lab.)
asked whether, in view of the large
profits of the rubber companies,
of which he quoted an outstanding
example, would the Government
reconsider its policy of limitation of
production in the Malay Peninsula.

The Hon. W. G. Ormsby-Gore
replied that legislation in the
Malay Peninsula was framed for
the control of export of rubber. It
did not restrict production. There
was nothing to prevent an increase
in production to meet the continued
shortage and in such an event, the
quantity which could be exported
under the minimum scale of duty
would be automatically increased.
The Colonial Secretary was not pre-
pared now to suggest to the
Governor of the Straits and High
Commissioner of the F.M.S. that
the present high price of rubber
required reconsideration of the
restriction Ordinance. A sudden,
unexpected rise would mean a
greater amount of rubber released
on August 1, but the matter could
doubtless be examined if the price
remained at the present extra-
ordinary high level.

Replying to a question as to
whether he would consider the ad-
visability of increasing the per-
centage of increase on August 1
from ten to twenty per cent, the
Hon. W. G. Ormsby-Gore said
that the Colonial Secretary alone
was unable to do that—it was a
matter for legislation in the Straits
Settlements, the Federated Malay
States, and Ceylon. We could not
suddenly do it without creating a
great disturbance.

Mr. Ormsby-Gore confirmed
the suggestion of Mr. J. H.
Thomas that restrictions had im-
mensely benefited Great Britain,
especially in her dealings with
America. He expressed the opinion
that it had probably saved the
British rubber industry in Malaya.
He recalled that the present price
of rubber was very much below the
12s. per lb. reached years ago,
and he regarded the present price
as abnormal.

ARBITRATION.

U.S. WOMEN AND THE
WORLD COURT.

(Reuter's American Service.)

Washington, July 13.
Supporting the attitude of Pres-
ident Coolidge, the National
League of Women Voters has an-
nounced its disapproval of any
possible eleventh hour reserva-
tions with regard to the Protocol
for the establishment of a world
court of arbitration when the
Senate takes up, in December,
the question of American adhe-
rence to such a court.

GOLD OUTFLOW.

AFFECTING BANKING
CREDIT.

(Reuter's American Service.)

Washington, July 13.
The outflow of gold, which
totalled \$175,000,000 (gold) in
the last seven months, has begun
to affect the banking credit.
Commercial banks find themselves
in a position in sharp contrast to
that which they held since the
Armistice. The result is increas-
ing calls on the Federal Reserve
System for credits.

KOREA FLOODS.

FORTY MILLION YEN
DAMAGE.

TWELVE DEAD.

(Reuter's Service.)

Tokyo, July 13.
Despatches from Korea state
that extensive floods in the Central
and South districts have
occurred.

The damage is estimated at
forty million yen.
The casualties include twelve
dead.

Singapore, July 13.—A report
from Paris states that the Singa-
pore Mercantile and Shipping
Association has agreed that at
midnight on Saturday (yesterday)
the ship must first be lighted and
beacons sent to sea and—Renter.

"ALL POWERS."

PEKING'S NEGOTIATIONS
DECISION.

SOVIET PLANES.

(Reuter's Service.)

Shanghai, July 14.
Yesterday's evening vernacular
papers state a proposal was
brought forward at to-day's meet-
ing of the Foreign Relations Com-
mittee that negotiations regard-
ing Shanghai be with Britain
only, but the majority rejected
the proposal and decided that
negotiations will be with all in-
terested Powers.

Peking, July 13.
After rejecting the proposal to
conduct negotiations regarding
Britain only, the Foreign Rela-
tions Committee decided negotia-
tions were to be carried on with
all interested Powers.

Three Soviet aeroplanes have
arrived from Russia. A fourth
aeroplane has broken down en
route.

"QUITE UNTRUE."

BRITAIN NOT HUSHING
REPORTS.

AN EARLY SETTLEMENT?

(Reuter's Service.)

London, July 13.
Reuter has been officially in-
formed that it is quite untrue that
Britain is endeavouring to sup-
press any report with regard to
the Shanghai incidents not
favouring British officials.

With regard to the general
situation, the Powers continue to
consult in regard to lines of pro-
cedure to be followed and the pos-
sibility and scope of a tariff con-
ference provided by the Washing-
ton Agreement of 1921.

There are differences of opin-
ion in regard to the relative posi-
tions of the Diplomatic Corps and
the Municipal Council of Shang-
hai but an early settlement of the
matter is expected. Meanwhile
a reserve is maintained in regard
to the supposed findings of the
Shanghai Commission, which are
still sub judice.

It seems clear the question of
rights ought to follow the tariffs
conference when the Central Gov-
ernment might have funds with
which to carry on. Meanwhile
though the Powers are generally
agreed, no decisions have been
actually taken.

COUNCIL RIGHTS.

PROPOSED SENDING OF
EXTRACTS.

LONDON PARLEY?

(Reuter's Service.)

Tokyo, July 13.
Japanese Press messages from
London report a conference has
been proposed between the
Powers' representatives in Lon-
don for discussing the China
situation but the Foreign Office
states the reports are exaggerat-
ed.

As documents concerning the
Shanghai Municipal Council's
rights, etc., are in London, the
British propose sending extracts
to Shanghai and with a view to
ensuring fairness, the Powers'
representatives in London will
assist in the selection.

CHINESE CUSTOMS.

AMERICAN OPINION ON
AGREEMENT.

MR. KELLOGG RETICENT.

(Reuter's American Service.)

Swampscott, July 13.
Before the departure to Wash-
ington after the conference with
President Coolidge, Mr. F. B.
Kellogg (former U.S. Ambassa-
dor to Britain) expressed con-
fidence that all the nine Powers
which signed the Chinese Custom
Agreement would partici-
pate in a conference with re-
gard to the future of China but
Mr. Kellogg was reticent with re-
gard to the probable procedure of
the State Department.

[Mr. Kellogg is now the Secre-
tary of State.]

LABOUR MOVE.

REQUEST TO CONVE-
NIENT CONFERENCE.

TO DISCUSS CHINA.

(Reuter's American Service.)

New York, July 13.
The President of the American
Federation of Labour has sent a
letter to President Coolidge ask-
ing him to convene a conference
with a view to discussing the
question of extra-territoriality in
China.

CORRESPONDENCE.

STRIKE PAY.

(To the Editor of the China Mail.)

Sir,—A coolie prosecuted by
Mr. Wylie for leaving without
notice has been ordered to forfeit
his pay for the time he worked in
June, to pay Mr. Wylie \$14 his
July pay in lieu of notice and to
pay a fine of \$20, or go to jail.

Law on this matter is therefore
perfectly plain and let us where
possible follow Mr. Wylie's exam-
ple, or at least follow the lead of
Hongkong and Shanghai Hotels,
Ltd., by paying no wages for June
to servants defaulting in that
month, and should they return re-
employ them or not at our option
and upon our terms, they having
broken their contracts and being
without claim of any kind upon
us.

I put it that anyone paying
defaulting servants for June is a
traitor to justice and to the
workers of all nationalities now
doing such splendid service for
us. Let us be loyal to them and
to our laws and government and
we can have no regrets.

Yours, etc.,

W. S. BAILEY.

Hongkong, July 13.

COOLIES' WAGES.

(To the Editor of the China Mail.)

Sir,—Respecting a recent
article in the "China Mail" to the
effect that the coolie prosecuted
by Mr. Wylie was in receipt of
\$3 per day in his new employ-
ment, I beg to say that the man,
on leaving Mr. Wylie, was em-
ployed as a gardener at Knuts-
ford Terrace at \$10 per month
only.

Yours, etc.,

TRUTH.

Hongkong, July 13.

DISINFECTANT SUPPLIES.

(To the Editor of the China Mail.)

Sir,—The Sanitary Department
has instructed the public to dis-
infect dustbins to prevent fly-
breeding. This being a matter
for each household, it is only right
that the individual should pro-
vide the disinfectant. But in
many streets in the Chinese re-
sidential sections there are
mounds of garbage. To every-
body it is plain that these heaps
cannot be disinfected; if they
could, they would be removed.
In normal times the Sanitary
Department gives away tankfuls
of diluted disinfectant when the
house cleaning season is on. I
commend to the authorities the
idea of putting up these tanks at
street corners, so that those who
will can draw disinfectant and
thus work on both the bin at home
and in the street.

Yours, etc.,

CUMSHAW.

Hongkong, July 14.

JAIL FOR A BRIBE.

A Chinese woman was charged
at the Kowloon Magistracy
yesterday with offering a bribe of
\$25 to Sergeant Major Li Sze
with a view to being released
after she was detained in connec-
tion with the murder of a man at
Lung Cho Ching. The woman's
defence was that she gave the
money to the detective for safe
keeping, as she understood that
all prisoners had to leave their
valuables with the police. The
Magistrate imposed a sentence of
three months' hard labour.

DAVIS CUP.

BRITAIN GOES DOWN TO
FRANCE.

LATEST RESULT.

(Reuter's Service.)

London, July 13.

At Eastbourne, under ideal conditions and before a large crowd, playing in the doubles, R. Lacoste and Brugnon (France) beat A. Godfree and J. D. P. ("Pat") Wheatley 6-4, 6-4, 6-3. France thus winning the semi-final round (European zone) of the Davis Cup lawn tennis tie by three matches (out of five) to nil. (France had previously won two singles matches.)

[France now meets Holland in the final and will probably qualify to play Australia for the right of challenging America.]

Later.

Wheatley was feeble and Godfree almost played the Frenchmen alone. Brugnon was the best of the four. The Britons frequently double-faulted but gave fleeting glimpses of brilliance at the net.

CUP RETAINED.

BERESFORD BEATS HOOVER
ON THAMES.

SCULLS' CHAMPION.

(Reuter's Service.)

London, July 13.

J. Beresford (Britain) retained the Philadelphia Cup, defeating W. Hoover (America) by three lengths over a 1½ mile course from Putney Bridge to Harrod's Wharf.

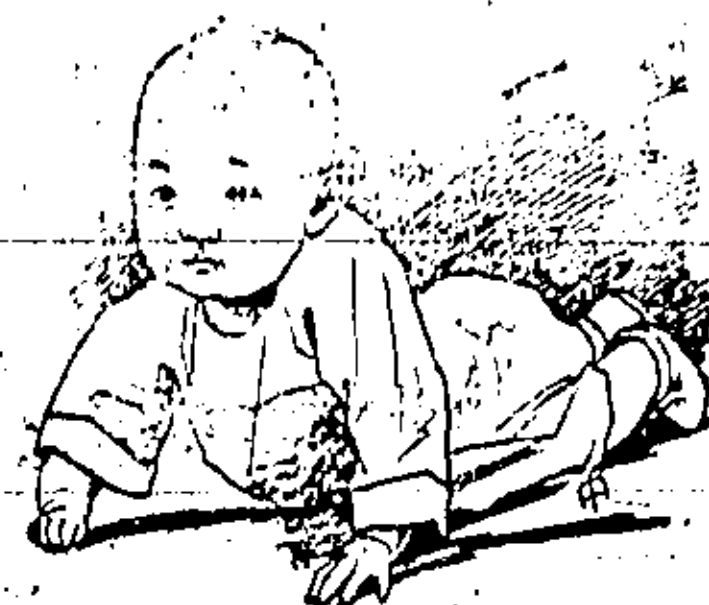

The time was 6 minutes 46 seconds.

The banks were lined resembling the annual Boat Race.

Beresford led throughout. The American appeared crack half-way. He slowed down, bumped Beresford, both stopped and then sculled on the American making an unavailing sport at the end.

[Discussion arose over the custody of the Philadelphia Cup after Beresford had won the Diamond Sculls at Henley. By retaining the Cup, Beresford establishes his claim to champion sculler of the world.]

London, July 13.—The Government has sent a letter to the Miners' Executive, Scarborough, announcing that they are establishing a court of inquiry into the coal crisis.—Reuter.

ABOUT A SHANGHAI BABY
And Baby's Own Tablets.

No matter whether it be in London, Paris, Toronto, New York or Yokohama, Baby's Own Tablets, the Canadian children's remedy, prove a real friend once they are introduced into the home. Here is what Mr. S. W. Chung Ming, of the Yung Chong Co., 18 North Broomfield Road, Shanghai, the portrait of who so infant daughter appears above, has to tell about them.

"When my little daughter was three months old she suffered with indigestion, constipation, and symptoms akin to convulsions," says Mr. Chung. "Her crying in the night caused us much inconvenience. Fortunately I was induced to give Baby's Own Tablets a trial and they proved amazingly effective. Now the child is healthy and lovely and we have no cause to fear any return of the former troubles so long as Baby's Own Tablets are ready in the house to keep her well."

These pleasant little tablets quickly remedy constipation, colic and indigestion, reduce feverishness, check diarrhoea, relieve cramp and colds, expel worms, allay teething pains, soothe the nerves and bring sound healthy sleep in a perfectly natural way. Your child will catch them or put free, 8/6 each the vial, from the Dr. Williams' Medicine Co., 60, Kiangse Road, Shanghai.
